

# Help Out on State Natural Areas

## Sugar River Wetlands Workday

**Help care for Sugar River Wetlands State Natural Area!** At our fourth Saturday workday we'll identify several different native wetland plants and learn how to collect their seeds. Seed will be scattered in areas where invasive brush has recently been removed. We will also spend some time addressing invasive plants coming up. This work will expand the quality wetland areas and continue the efforts started by the Upper Sugar River Watershed Association and Wisconsin DNR. No skills needed you will be trained onsite. See details below.

**Date:** July 22

**Time:** 9am-noon

**Directions:** Volunteers and work leaders will gather where Epic Lane and County View Road meet in Verona, overlooking the Epic Systems campus to the east and the Military Ridge State Trail to the west. An approximate address is 2517 Country View Road, Verona, WI 53593. [Google map.](#)

**What to wear:** Clothes (long pants and sleeves) that are OK to get beat up, gloves, sturdy footwear. Rubber boots if you have them (some people may work in muddy areas).

**What to bring:** Drinking water, a paper grocery bag, and a sturdy scissors (optional).

**Contact:** If possible, please RSVP for the workday in advance by contacting Wade Moder at [usrwa@usrwa.org](mailto:usrwa@usrwa.org) or by calling 920-850-6902.

**Next workday:** August 26
